SUMMARY

Front-End Developer with hands-on experience in building **responsive and dynamic web applications** using **React.js and Next.js**. Proficient in **HTML, CSS, JavaScript, TypeScript**, and modern UI frameworks including **MUI** and **Tailwind CSS**. Currently expanding full-stack skills with **PHP** and **SQL**. Passionate about **clean code, UI/UX design, and application performance optimization**.

EXPERIENCE

• Developed multiple responsive web applications, including an E-Commerce platform, Prayer Times application, and personal portfolio websites using React.js, Next.js, Tailwind CSS, and MUI.
• Integrated external APIs for dynamic content and implemented modern UI/UX best practices.
• Built reusable components and optimized performance for scalability and maintainability.

PROJECTS

• E-Commerce Website
Graduation project for selling products online. Includes product tracking, reviews, and discount system React.js, REST API, Bootstrap.
Review: https://e-commerce-project-hq65-git-main-seifeldin0s-projects.vercel.app

• Prayer Times Website
Displays prayer times and countdown for next prayer. React.js, MUI, Custom Timer Logic.
Review: https://prayer-time-tau.vercel.app

• Weather Forecast App – React.js + Open Weather API
Displayed real-time weather data by city using OpenWeatherMap API.
Review: https://weather-app-six-weld-42.vercel.app

• Gemini AI App – React.js + Gemini API
Integrated Google's Gemini API to display AI-generated content in real-time.
Review: https://ai-liard-kappa.vercel.app

• Online Courses Platform – React.js + MUI
A responsive web app for browsing online courses with filtering and rating features.
Review: https://plat-form-courses.vercel.app

• Movies Blog Website – React.js + API Integration
 Displays trending movies with details, using external movie API. Includes routing and styled UI.
Review: https://blog-movies.vercel.app

• Cosmetics Store Website – Next.js + React DOM + Tailwind CSS
Interactive cosmetics store with product details, WhatsApp ordering, and contact form integration. Styled modern UI with responsive design.
